(The temperature range to which the label can be exposed after the adhesion bond to the substrate has been formed)

Liner:

Fasson® Kraft: A super-calendered kraft liner with excellent strength properties.

Basis Weight: 65 gsm \pm 10% (ISO 536)

Caliper: 0.060mm \pm 10%(ISO 534)

Application and Use: Typical applications include general purpose labels for Cosmetics, Toiletries and other Health and Beauty Aids products, Promotional Labeling as well as shipper labels for corrugated boxes.

Conversion: **Fasson® FasSheet Art Plus 2030** product is engineered to provide excellent printability with solid colours in addition to good lay flat characteristics desired for optimum performance in sheet applications. The product is suited to single and/or multicolour line printing by Offset or Screen. A higher gloss finish can be achieved by additional varnishing or over laminating. **Exposure of sheets to high humidity conditions should be minimized.**

Shelf Life : Two years when stored at 22° C / 50% RH.

As with all self-adhesive materials, this product should be tested thoroughly under end-use conditions to make sure it meets the requirements of the specific application.
