Warranty

Information concerning Products are based upon tests believed to be reliable but do not represent a guarantee or warranty. Products are provided on the basis that any Purchaser has independently determined the suitability of the Products and Purchaser’s purposes. The Company warrants the products to be free from defects in material and workmanship. Should any failure to conform to this warranty appear within one year of delivery (but not afterwards), upon notification thereof within seven (7) days of such appearance and substantiation that the Products have been stored and applied in accordance with the Company standards, the Company shall within a reasonable period correct such defects by providing a suitable replacement without charge at the Company’s plant or at the location of the Products (at the Company’s election) provided however, if the Company in its sole discretion determines that replacement is not commercially practical, the Company may issue a credit in favour of the Purchaser in an amount not to exceed the purchase price actually paid for the Products. Any implied warranty of merchantability for particular purpose or other warranty of quality, whether express or implied by law, is hereby excluded to the extent permitted by law. In no event shall the Company be liable for any incidental, indirect or consequential damages including, but not limited to, loss of profit, loss of use or loss of capital. The remedies of the Purchaser set forth herein are exclusive, and the total potential liability of the Company arising out of any contract of or from the manufacture, sale, delivery, resale, installation or use of any products shall not exceed the purchase price of the products upon which liability is based.

Product Data Sheet
FR LW 60 / S2345 / BG40W

Facestock
A lightweight white one side coated wood-free printing paper, super calendered for extra gloss.

Basis Weight 62 g/m² ISO 536
Caliper 0.055 mm ISO 534

Adhesive
S2345 is a special purpose permanent rubber based adhesive.

Liner
BG40W is a supercalendered white glassine paper.

Basis Weight 60 g/m² ISO 536
Caliper 0.055 mm ISO 534

Laminate
Total Caliper 0.134 mm +- 10%

PERFORMANCE DATA
Initial Tack >480 N/m FTM 9 glass
Peel Adhesion 90˚ >400 N/m FTM 2 st.
Minimum application temp. -5˚C
Service temp. -20˚C to +70˚C

Adhesive performance
S2345 is a special purpose adhesive with extremely high tack and excellent performance on cardboard, plastic, apolar surfaces as well as rough and difficult surfaces. Compliant with FDA 175.105 and BfR XIV recommendations for direct application to dry and moist non-fatty foodstuffs. Not for outdoor use.

Applications and use
Especially suited to labeling small diameter containers e.g. Pharmaceutical ampoules. For applications where a flexible label on small diameter surface is needed to prevent “butterflying” of labels.

Conversion / Printing
Excellent by all printing processes. Due to light weight of the face material, care must be taken when die cutting, stripping and label application.

Shelf life
1 Year if stored at 22˚C and 50% relative humidity.

Statement of practical use
As with all pressure sensitive materials, this product should be tested thoroughly under end-use conditions to ensure it meets the requirements of the specific application.
