1. Item Number

The item number identifies the product on your delivery documents and invoices

2. Item Description

- A. Facestock - Identifies the facestock used in the construction
- B. Adhesive - Identifies the particular adhesive used in the construction
- C. Liner - Identifies the particular liner used in the construction

3. Service Program

The service program details how the product is supplied to the market

Stock

Stock signifies the product is sold with the complete web width and the minimum length is either 500 meters or 1000 meters

Fasson EXACT®

EXACT items are sold in any width, with fixed lengths that vary for each program

Fasson Ready Width

Ready Width is a program that offers slit rolls in set widths and lengths

To Forecast

Manufacture to a written forecast as agreed between the customer and Avery Dennison

Indent

Avery Dennison is a global business – we can source constructions from around the world to meet your needs. Talk with your local Avery Dennison representative today to find an indent solution. Different MOQs and lead times apply

4. Length / Width

This identifies the length and various widths of rolls available for order as part of this service program

5. Minimum Order Quantity (MOQ)

The Minimum Order Quantity is determined by multiplying width with length

Legend

	Stock		To Forecast
	EXACT		Indent
	Ready Width		

SERVICE POLICY

3000m	2	2	NA																							
Packaging	All Materials	Standard packaging is used to ensure that your order arrives in good condition. Packaging varies depending on format (sheet or roll), size and quantity of materials to be shipped. Non-standard packaging is available on request, with the appropriate up-charges.																								
Damage Roll	All Materials	Complaint lodged within 3 working days from delivery date, full compensation will be made. Complaint lodged within 4-10 working days from delivery date, compensation will be made on damaged portions.																								

"This Service Policy is current at the time of publication and is subject to change at the discretion of Avery Dennison".

CONDITIONS OF SALE

Payment

Payment is to be made in accordance with the agreed payment terms.

Validity of Quotation

30 days

Warranty

Information concerning Products is based upon tests believed to be reliable, but does not represent a guarantee of warranty. Products are provided on the basis that any Purchaser has independently determined the suitability of the Products for the Purchaser's purposes. The Company warrants the products to be free from defects in material and workmanship. Should any failure to conform to this warranty appear within one year of delivery (but not afterwards), upon notification thereof within seven (7) days of such appearance and substantiation that the Products have been stored and applied in accordance with the Company standards, the Company shall within a reasonable period correct such defects by providing a suitable replacement without charge at the Company's plant or at the location of the Products (at the Company's election) provided, however, if the Company in its sole discretion determines that replacement is not commercially practical, the Company may issue a credit in favor of the Purchaser in an amount not to exceed the purchase price actually paid for the Products. Any implied warranty of merchantability fitness for a particular purpose or other warranty of quality, whether express or implied by law, is hereby excluded to the extent permitted by law.

Limitation of Liability

In no event shall the Seller be liable for any incidental or consequential damages, including but not limited to loss of profit, loss of use or production or loss of capital. The remedies of the Purchaser set forth herein are exclusive and the total potential liability of the Seller with respect to production or loss of capital. The remedies of the Purchaser set forth herein are exclusive and the total potential liability of the Seller with respect to any contract or anything done in connection therewith such as the performance or breach thereof, or from the manufacture, sale, delivery, resale, installation or use of any products whether arising out of contract, negligence, strict tort, or under any warranty, or otherwise, shall not exceed the purchase price of the products upon which liability is based.

Select Solutions™ Mix & Match Product Guide

The versatile way to choose your label solutions

The Select Solutions Mix & Match Service leverages Avery Dennison's expertise in helping customers find the right labelling solutions for their specific application needs, including specialty and challenging label constructions.

Looking for a durable goods labelling solution? Find a facestock and adhesive combination you like but need it on a film liner? Avery Dennison's Select Solutions Mix & Match options can help you find the right construction – fast!

Mix & Match lets you choose from a set range of label constructions created to address your unique application and performance needs.

Select from foils films, metalised films, papers and more in combination with some of our best performing adhesives and liners.

Mix & Match gives you the benefit of a customised label solution with low minimum order quantities, rapid pricing and delivery you expect.

Mix & Match allows label converters to request a precise combination of adhesive, face-material and release liner. It opens up whole new opportunities to innovate and differentiate. As with all Avery Dennison products, extensive support comes as standard, for printers, converters, packers and end-users. A technical specialist can help to determine which existing or tailor made product is the optimal solution for any given application

‘Engineered Solutions’ is a service that helps you develop custom products that differentiate your business and grow your bottom line. Take advantage and connect with the Engineered Solutions team, featuring some of the label and packaging materials industry’s most experienced professionals. This team is dedicated to helping you be first to market with solutions meeting your clients’ needs.

Avery Dennison technical leaders play a crucial role in uncovering and explaining the latest innovation trends and broad market developments. They are component experts who help in the design and manufacturing of custom solutions for our customers’ unique challenges.

About Avery Dennison

Avery Dennison (NYSE: AVY) is a global materials science and manufacturing company specializing in the design and manufacture of a wide variety of labeling and functional materials. The company's products, which are used in nearly every major industry, include pressure-sensitive materials for labels and graphic applications; tapes and other bonding solutions for industrial, medical and retail applications; tags, labels and embellishments for apparel; and radio frequency identification (RFID) solutions serving retail apparel and other markets. Headquartered in Glendale, California, the company employs approximately 30,000 employees in more than 50 countries. Reported sales in 2017 were \$6.6 billion. Learn more at www.averydennison.com
