

Fluorescents

Avery Dennison Fluorescent label materials for food industry applications are as versatile as they are functional, improving supply chain visibility, waste reduction, and product freshness.

Used as inventory and warning labels, as well as eye-catching advertising and promotional labels, Fluorescents demand attention. They not only communicate important data such as use-by dates that provide consumer confidence and safety, but they also boost immediate shelf impact. However you use them, our Fluorescent facestocks provide excellent stability and durability in application.
