

Removable labelling solutions

Make it Easy To Choose the Right Removable for the Job.

The Avery Dennison Select Solutions Removables portfolio is a convenient tool designed to simplify the often-confusing world of removable labeling. The portfolio offers:

- ▶ A proven core of robust, multipurpose products that address a range of application needs from simple to complex
- ▶ Using our detailed adhesive performance charts, an easier way to select the proper label construction for your application
- ▶ Separate paper and film featuring solutions developed for a variety of performance requirements
- ▶ Cost-effective, application-based solutions with shorter time to market, minimum order quantities as low as 500m2 and fast quotes

Broad Selection of Purpose-Built Removables

You can depend on our Removables portfolio to deliver a breadth of technologies that can position you to move into new markets with confidence. Suited for an array of applications, the portfolio provides targeted solutions with stable tack across the label's lifespan, clean removal and the substrate versatility you need.

Partnership Approach

Take advantage of the Select Solutions Removables portfolio and the Avery Dennison team to grow your removables business. Our global team – including adhesive research experts, technical specialists and market professionals – can readily suggest a product to meet your application needs. If a product does not exist, our engineered solutions team can create a specialised solution just for you and your customer – expanding your breadth of products and offering the right custom solution.

Removable Adhesives for Paper Components

R5000/N

General applications, food labelling, barcoding and price labelling. Offers relatively long term removability in combination with clean removability from most substrates

R100

High performance removable adhesive. Excellent clean, long term removability with good low temperature and deep freeze performance.

LR2N

Small office and home office applications. Specially formulated for zero bleed with hot fuse technology.

Removable Adhesives for Film Components

R5000/N

General applications, food labelling, barcoding and price labelling. Offers relatively long term removability in combination with clean removability from most substrates.

SR2

Good tack and adhesion performance and allows label application at a wide temperature range. Offers clean, medium term removability.

UVR145

A removable acrylic based adhesive with excellent clarity and UV resistance. Suitable for wet and glass applications for clean removability
