

Reclosure solutions for food applications

Resealable labels are valued by consumers, giving them open/close packages that prevent food contamination and spills. Brand owners also benefit, because food products stay in their original packaging, increasing brand exposure in the home.

Labels placed anywhere on a pack can be removed or reapplied as desired without leaving adhesive residue. They are a cost-effective and efficient alternative to zippers or hard reclose packaging.

The Avery Dennison reclosure range for food suits applications ranging from simple dry goods needing a limited number of opens/reclosures through to products with challenging contents – with adhesives that perform time after time.

Key features

- ▶ Food compliant, topcoated materials
- ▶ Three food-friendly adhesives
- ▶ Simple or high performance applications
- ▶ Safe to use in all food contact applications

Application areas

- ▶ Dry foods
- ▶ Frozen foods
- ▶ Fresh foods
