

High Performance Acrylic Adhesive

High performance acrylic adhesive with high holding power and stress resistance

Tailored to applications such as graphics and NVH—where high temperature performance, long term holding power and resistance to harsh environments are required—these high performance pure acrylic laminating tapes bond to a wide variety of engineered plastics, metals and paints.

Features

- ▶ Moisture stable liner
- ▶ Highly cross-linked adhesive

Benefits

- ▶ Lay flat for easy processing
- ▶ Improved bonding and gap filling
- ▶ Easy to die cut
- ▶ Easy liner removal
- ▶ Good holding power under stress and load
- ▶ Facilitates slitting and conversion

Applications

- ▶ Graphics
- ▶ Vibration Damping / NVH
- ▶ Control Panel Attachment
- ▶ Decorative Trims
- ▶ Printers
- ▶ Labels
- ▶ Antenna Mounting
- ▶ Assembly
- ▶ Name Plates
- ▶ Security Documents

Product information

Product Code	Short Description
HPA 1931	20 Micron Transfer Tape
HPA 1932	60 Micron Transfer Tape
HPA 1934	100 Micron Transfer Tape
HPA 1935	125 Micron Transfer Tape
