

# High quality labels for small office and home office printers

Do it Yourself

Demand from small office and home office users for high quality print media has expanded dramatically. It continues to grow fast, driven by the widespread availability of very high quality printers. More and more people are also working from home.

Many different home, home office and hobby applications now require print media with the best possible print quality, as well as the right facestock and adhesive properties.

## KEY FEATURES

- > Wide range of facestocks, from uncoated white, coloured & radiant papers to high quality coated papers & filmics
- > Optimal print resolution, ink and toner anchorage
- > Optimal conversion – backing liners with excellent layflat characteristics

## APPLICATION AREAS

- > Address labelling
- > Labels for filing and organising
- > Over-labelling of documents
- > Promotional and retail labels
- > Inventory and instruction labels
- > Media labels for CDs and DVDs
- > Photo printing labels

### LASERCOPYJET UNCOATED FACE MATERIAL

These multipurpose matt, woodfree, machine-finished papers offer good opacity, along with excellent absorption and toner bonding characteristics. They are the materials of choice when producing A4 sheets for use in laser printers, copiers and inkjet printers.

Product Description	Specifics
LASERCOPY JET PREMIUM	An optimal cost-performance laser paper with good printing properties
LASERCOPY JET FLEX	Excellent for small diameter labelling
LASERCOPY JET OPAQUE	A high opacity paper for overlabelling
LASERCOPY JET RECYCLED	An environmental friendly paper made from 100% post-consumer waste (PCW)
LASER COLOURED	Yellow, Red, Green, Blue. Full coloured papers for various applications
LASER RADIANT	Yellow, Orange, Red, Pink, Green. Radiant papers for promotional/warning labels

The Avery Dennison range also includes many high performance materials for special and premium applications:

### LASERCOPYJET COATED FACE MATERIAL

These face stocks are white matt and glossy coated papers, with a microporous and highly absorbent surface. Specially designed for 'photo quality', high resolution, colour inkjet printing.

Product Description	Specifics
LASER PHOTO	A glossy paper for laser printers and copiers (not suited for inkjet)
COLOUR INKJET MATT	A matt coated instant-dry paper especially suited for inkjet printing
COLOUR INKJET GLOSS	A paper for high end colour inkjet printing, with photo-realistic image quality
INKJET PET	A polyester film especially suitable for black & white inkjet printing
LASER FILM	Matt white, clear and silver face materials specifically designed for laser printing. The Clear PET film is also available in gloss
