

Recyclable Labels for Corrugated Boxes

As the demand for old corrugated containers (OCC) continues to rise, so does the need for greater circularity in packaging. Avery Dennison is leading this charge with our recyclable labeling solutions.

We are proud to announce that our DT300LD PLUS / AT2550 and TT / S2550 label constructions are the first to pass both Part I and Part II of the Fibre Box Association (FBA) and American Forest & Paper Association (AF&PA) OCC-E certification. Awarded by Western Michigan University, this certification confirms our labels are fully recyclable and do not compromise the integrity of recovered fiber. These products have also earned a pre-qualification* from How2Recycle®.

This achievement makes our DT and TT labels the ideal choice for the logistics, shipping, e-commerce, and retail sectors, where corrugated recyclability is a top priority.

Why Make the Switch?

Seamless Integration: Our DT and TT labels are fully compatible with existing printing systems, providing an immediate sustainability upgrade with no need for new hardware.

Uncompromising Quality: These labels produce high-contrast prints, ensuring flawless scanning of barcodes and variable data every time.

Tangible Environmental Impact: By choosing recyclable labels, you actively reduce packaging waste and empower your customers to recycle more effectively.

SPEC #	Description
C3385	DT300LD PLUS FSC/AT2550/40#SCK
53872	TT FSC/S2550/40#SCK
C3926	TT FSC/S2550/40#SCK
