

Select Solutions™

Natural Kraft Paper Portfolio

A Kraft paper facestock, matched with a range of purpose-built adhesives, provides a premium, natural look for multiple applications

Seeking an earthy, organic look? Consider Avery Dennison's Select Solutions Natural Kraft Paper portfolio. Five different adhesives of variable strength have been combined with an unbleached, uncoated, high strength Kraft brown paper facestock to give you the application flexibility you need for industrial labels, design savvy apparel and textile labeling, and high-end spirits labels that are as naturally appealing as they are visibly different.

Natural Kraft Paper Portfolio Adhesives

- S246: A permanent, hot melt rubber adhesive with high initial tack. An excellent, general-purpose choice (not recommended for apparel labeling).
- AT20: An emulsion acrylic adhesive is an alltemperature favorite with particularly good adhesion to corrugated cardboard. Can be applied in temperatures as low as -20°F.
- Hammerlock™: A highly aggressive, permanent hot melt rubber adhesive – the portfolio's strongest hold (not recommended for apparel labeling).
- S100R: A permanent, emulsion acrylic adhesive that can be removed after immersion in water hotter than 100°F.

Natural Kraft Paper Portfolio Adhesives

- Five adhesives of varying strengths
- Unbleached, uncoated kraft brown paper facestock
- 40# SCK liner
- 44# poly coated kraft liner option
