

Shoppers share their perceptions on this fast-growing trend*

A new and fast-growing category, “functional packaging” is helping brand owners add value to consumers hurried lifestyles through innovative product packaging solutions. This packaging innovation includes ease-of-use flexible pouches, stickpacks and pressure-sensitive reclosures.

Here are the seven key consumer research findings that make functional packaging a trend worth paying attention to...

1 Freshness

Packaging that provides a secure seal to ensure product lasts longer

68%

of consumers identified freshness as a key packaging feature

Avery Dennison omnibus study

82%

of consumers felt freshness was an important factor when food shopping

Lightspeed/Mintel study

2 Ease of use

Packaging that does not require the use of scissors or other tools to open and can be easily resealed

58%

of consumers sought packaging features with the ability to reseal and close

Avery Dennison omnibus study

70%

of consumers remove food products, like produce, meat and cheese from store packaging after purchase

Avery Dennison omnibus study
