Food contact statement for adhesive C2020P

Avery Dennison adhesive C2020P has been tested by a certified laboratory and has received a certificate of compliance.

C2020P complies with European food regulation 1935/2004/EC and with FDA § 175.105. It also meets the demands of the limit values laid down in 10/2011/EU. It further complies with DIN ISO 3826-1.

In accordance with the requirements of relevant EU food regulations, the adhesive C2020P may safely stand in direct contact with dry, moist and such kind of fatty foodstuffs to which a reduction factor of at least 4 can be applied according to Commission Regulation 10/2011. Furthermore, the seams (edges) of the label material may safely come into direct contact with all kinds of foodstuffs.

According to FDA regulations, the adhesive may come into direct contact with dry foodstuffs, or alternatively it must be separated from the foodstuffs by a functional barrier.
